

# 'All Aboard! - Adopt a Platform Sleeper'

Your ticket to support Noojee's railway heritage

On 30th April 1919, the first official train arrived at Noojee and was welcomed to town with a banquet organised to celebrate the opening of the line and newly built station. Noojee station serviced the main mill in town and was connected by a network of narrow gauge, wooden tramways to the remote timber mills that operated between 1919 and 1926.

The Heritage Centre, which opened on 22 March 2014, is becoming a beacon for history buffs, train enthusiasts, tourists, local residents and their relatives and friends.

In 2025 the centre has become the Noojee Heritage Gifts and Coffee Café and will become a focal point where our community and visitors can enjoy a great coffee and discover how Noojee's character and identity was formed.
